2016 AUTHORITY BUDGET MESSAGE & ANALYSIS CAMDEN COUNTY MUNICIPAL UTILITIES

AUTHORITY BUDGET

FISCAL YEAR: FROM: January 1, 2016 TO: December 31, 2016

Please see Attached Sheets for Responses

1. Complete a brief statement on the 2016 proposed Annual Budget and make comparison to the 2015 adopted budget for each operation. Explain any variances over +/-10% for each line item by operation. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item. For example, if anticipated service charges have increased 15% due to an increase in rates, provide a copy of the resolution authorizing the rate increase.
2. Complete a brief statement on the impact the proposed Annual Budget will have on Anticipated Revenues, especially service charges and on the general purpose/component unit financial statements. Explain significant increases or decreases, if any. An increase or decrease is considered significant if it is over +/-10% from the current year adopted budget.
3. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Budget/Program.
4. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget, i.e. rate stabilization, debt service reduction, to balance the budget, etc. If the Authority's budget anticipates a use of Unrestricted Net Position, this question must be answered.
5. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or a shared service and explain the reason for the transfer (i.e.: to balance the County/Municipality budget, etc.).
6. The proposed budget must not reflect an anticipated deficit from 2016 operations. If there exists an accumulated deficit from prior years' budgets (and funding is included in the proposed budget as a result of a prior deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.
7. Attach a schedule of the Authority's existing rate structure (connection fees, parking fees, service charges, etc.) and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in the rate structure, if applicable.
8. Attach a copy of the Authority's most recent Annual Operating Data submission to the Municipal Securities Rulemaking Board's Electronic Municipal Marketplace Access (EMMA) under the Authority's Continuing Disclosure Agreements for any debt issuances outstanding. Examples of Annual Operating Data may include sewer and water billings; parking rents and collections; number of customers; number of available parking spaces; etc. See Local Finance Notice 2014-9 for more information.

1. The CCMUA's annual operations and maintenance costs are budgeted to be slightly higher in 2016, mainly due to anticipated repairs to its sludge drying facilities which will result in increased maintenance and repair costs and increased sludge disposal costs for the year. In addition, annual debt service costs will increase by \$820,579. Conversely, these additional costs will be partially offset on the revenue side as a significant increase in Connection Fee Revenue is anticipated as the result of the completion of the Atlantic Basin Interceptor Project which added needed sewer capacity to communities in the lower portion of the County. Further, the New Jersey Economic Opportunity Act of 2013 is bringing new businesses to Camden City which will also result in increased Connection Fees. The Authority plans to hold its rate at \$352 per household while continuing to use the Debt Service Reserve Fund for rate stabilization purposes. It should be noted that the CCMUA's rate in 1996 was \$337 per household. So, the CCMUA has virtually held its rate, in nominal dollars, for the past 19 years and the rate is about 40% lower in real dollars (noting that the value of \$337 in 1996 dollars is well over \$500 in today's dollars) than in 1996.

Explanation of Variances of +/- 10%, Comparing 2016 to 2015

Revenues

1. Connection Fees in total – Increase of 44.4% or \$3,379,729

The New Jersey Economic Opportunity Act of 2013 will result in an increase in commercial connection fees in Camden City. Further, the completion of the Atlantic Basin Interceptor in the southern portion of the County resulted in increased sewer capacity for many communities. These communities, which were previously unable to implement planned growth strategies due to a sewer ban, are expecting an uptick in economic development in 2016.

Expenses

1. Professional Services – Increase of 36.9% or \$539,000

Professional Services are budgeted higher so as to conform with actual expenses incurred by the Authority in 2015.

2. Cost of Providing Services – Personnel – Fringe Benefits – Increase of 10.1% or \$244,686

This is a direct result of an increase in the largest of the Authority's health benefit plans. This plan increased by 10.04% in January of 2016.

3. Cost of Providing Services – Other - Sludge – Increase of 30.9% or \$1,150,000

A contingency has been incorporated into this line item as 2015 expenses were higher than budgeted due to an issue with the Authority's sludge dryers. The Authority will continue to face higher than normal sludge disposal costs while the repairs are completed.

4. Cost of Providing Services – Other - Repairs – Increase of 18.1% or \$452,800

The Authority continues to make improvements and repairs to the systems that are outside the scope of the New Jersey Environmental Infrastructure Trust. Considering the replacement value of the system, \$1,000,000,000, the Authority has budgeted approximately 3% to insure it continues to run effectively.

2. The most significant impact the proposed budget will have on anticipated revenues is in the Connection Fee line item. As mentioned in the analysis for question 1, the anticipated increase of \$3,379,729 in Connection Fees over 2015's budget is due to the completion of the Atlantic Basin Interceptor Project and the New Jersey Economic Opportunity Act of 2013. The Authority anticipates using \$5,998,776 from the Debt Service Reserve Fund to balance the budget and stabilize rates. The anticipated revenue will not have a material effect on general purpose/component unit financial statements. Please see the analysis for question 1 for explanations of those line items of +/- 10% as compared to the 2015 adopted budget.

3. It is anticipated that the local/regional economy will perform well as planned growth and economic development will play a role in the County. The New Jersey Economic Opportunity Act of 2013 will see many businesses and industry come to Camden City as evidenced by the various ground breakings and construction starts that are visible in the City. It is anticipated that planned growth will continue in the southern portion of the County as towns continue to benefit from the extension of the Atlantic Basin Interceptor Project the Authority completed in 2014.

4. The Authority will not be using its Unrestricted Net Position in 2016.

5. Sustainability Director, \$79,179 – furthers the environmental mission of the Authority and helps to educate the public about the importance of the County's waterways.

Human Resource Services, \$1,000 – helps with providing expanded human resources for the employees of the Authority.

Equal Employment Opportunity Officer, \$5,000 – helps the Authority with compliance in matters of Equal Employment Opportunity.

Supplemental Legal Services, \$10,000 – aids the Authority in legal matters as the Authority has transitioned to an outside consultant to provide legal services.

Security Guard Services, \$330,000 – allows the Authority to obtain security guard services at a reduced rate.

Developing Specs and Plans for Dredging Newton Lake, \$250,000 – The Authority has undertaken this project as the County's expert in water quality matters.

6. The Authority does not have an anticipated deficit in 2016.
7. The Authority is maintaining its annual user rate at \$352. Please see the rate structure attached.
8. Please see attached.

**AUTHORITY SCHEDULE OF COMMISSIONERS, OFFICERS, KEY EMPLOYEES,
HIGHEST COMPENSATED EMPLOYEES AND INDEPENDENT CONTRACTORS**
Camden County Municipal Utilities Authority

FISCAL YEAR: FROM: January 1, 2016 **TO:** December 31, 2016

Complete the attached table for all persons required to be listed per #1-4 below.

- 1) List all of the Authority's current commissioners and officers and amount of compensation from the Authority and any other public entities as defined below. Enter zero if no compensation was paid.
- 2) List all of the Authority's key employees and highest compensated employees other than a commissioner or officer as defined below and amount of compensation from the Authority and any other public entities.
- 3) List all of the Authority's former officers, key employees and highest compensated employees who received more than \$100,000 in reportable compensation from the Authority and any other public entities during the most recent fiscal year completed.
- 4) List all of the Authority's former commissioners who received more than \$10,000 in reportable compensation from the Authority and any other public entities during the most recent fiscal year completed.

Commissioner: A member of the governing body of the authority with voting rights. Include alternates for purposes of this schedule.

Officer: A person elected or appointed to manage the authority's daily operations at any time during the year, such as the chairperson, vice-chairperson, secretary, or treasurer. For the purposes of this schedule, treat the authority's top management official and top financial official as officers. A member of the governing body may be both a commissioner and an officer for the purposes of this schedule.

Key employee: An employee or independent contractor of the authority (other than a commissioner or officer) who meets both of the following criteria:

- a) The individual received reportable compensation from the authority and other public entities in excess of \$150,000 for the most recent fiscal year completed; and
- b) The individual has responsibilities or influence over the authority as a whole or has power to control or determine 10% or more of the authority's capital expenditures or operating budget.

Highest compensated employee: One of the five highest compensated employees or independent contractors of the authority other than current commissioners, officers, or key employees whose aggregate reportable compensation from the authority and other public entities is greater than \$100,000 for the most recent fiscal year completed.

Compensation: All forms of cash and non-cash payments or benefits provided in exchange for services, including salaries and wages, bonuses, severance payments, deferred payments, retirement benefits, fringe benefits, and other financial arrangements or transactions such as personal vehicles, meals, housing, personal and family education benefits, below-market loans, payment of personal or family travel, entertainment, and personal use of the Authority's property. Compensation includes payments and other benefits provided to both employees and independent contractors in exchange for services.

Reportable compensation: The aggregate compensation that is reported (or is required to be reported) on Form W-2, box 1 or 5, whichever amount is greater, and/or Form 1099-MISC, box 7, for the most recent calendar year ended 60 days before the start of the proposed budget year. For example, for fiscal years ending December 31, 2016, the calendar year 2014 W-2 and 1099 should be used (60 days prior to start of budget year is November 1, 2015, with 2014 being the most recent calendar year ended), and for fiscal years ending June 30, 2017, the calendar year 2015 W-2 and 1099 should be used (60 days prior to start of budget year is May 1, 2016, with 2015 being the most recent calendar year ended).

Other Public Entity: Any municipality, county, local authority, fire district, or other government unit, regardless of whether it is related in any way to the Authority either by function or by physical location.

2016 CAPITAL BUDGET/PROGRAM MESSAGE

Camden County Municipal Utilities Authority

FISCAL YEAR: **FROM:** January 1, 2016 **TO:** December 31, 2016

1. Has each municipality or county affected by the actions of the authority participated in the development of the capital plan and reviewed or approved the plans or projects included within the Capital Budget/Program?

2. Has each capital project/project financing been developed from a specific capital improvement plan or report; does it include full lifecycle costs; and is it consistent with appropriate elements of Master Plans or other plans in the jurisdiction(s) served by the authority?

3. Has a long-term (10-20 years) infrastructure needs assessment or other capital plan with a horizon beyond six years been prepared?

4. Describe the projected impact of the proposed capital projects, including impact on the schedule of rates, fees, and service charges and the impact on current and future year's schedules.

5. Please indicate which capital projects/project financings are being undertaken in the Metropolitan or Suburban Planning Areas as defined in the State Development and Redevelopment Plan.

6. Please indicate which capital projects/project financings are being undertaken within the boundary of a State Planning Commission-designated Center and/or Endorsed Plan and if the project was included in the Plan Implementation Agenda for that Center/Endorsed Plan.

Add additional sheets if necessary.

1. The CCMUA's regional sewer system, and the corresponding capital and operations and maintenance requirements of said system, are carefully defined in the CCMUA's ongoing sewer service agreement with Camden County and Camden County's 37 municipalities.
2. Yes, the CCMUA's capital program is implemented in a manner consistent with the Camden County Wastewater Management Plan, which was adopted after a full public participation program which included Camden County's municipalities and its ratepayers, and the aforementioned Camden County Sewer Service Agreement.
3. Yes
4. The new capital improvements implemented by the CCMUA have reduced operating costs somewhat, due to increased efficiencies. However, they also bring with them additional debt service. These two competing factors have tended to, roughly, offset each other so that the CCMUA has been able to replace the main components of its wastewater treatment plant, thereby improving environmental performance, without raising rates significantly.
