2017 AUTHORITY BUDGET MESSAGE & ANALYSIS

(Name)

AUTHORITY BUDGET

FISCAL YEAR: FROM: TO:

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2017 proposed Annual Budget and make comparison to the 2016 adopted budget for each operation. Explain any variances over +/-10% (**As shown on budget page F-4 explain the reason for changes for each appropriation changing more than 10%**) for each line item by operation. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item. For example, if anticipated service charges have increased 15% due to an increase in rates, provide a copy of the resolution authorizing the rate increase.
2. Complete a brief statement on the impact the proposed Annual Budget will have on Anticipated Revenues, especially service charges and on the general purpose/component unit financial statements. Explain significant increases or decreases, if any. An increase or decrease is considered significant if it is over +/-10% (**As shown on budget page F-2 explain reason for change for each revenue changing more than 10%**) from the current year adopted budget.
3. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Budget/Program.
4. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget, i.e. rate stabilization, debt service reduction, to balance the budget, etc. If the Authority's budget anticipates a use of Unrestricted Net Position, this question must be answered.
5. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or a shared service and explain the reason for the transfer (i.e.: to balance the County/Municipality budget, etc.).
6. The proposed budget must not reflect an anticipated deficit from 2017 operations. If there exists an accumulated deficit from prior years' budgets (and funding is included in the proposed budget as a result of a prior deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question. (**Prepare a response to deficits caused by the implementation of GASB 68**)
7. Attach a schedule of the Authority's existing rate structure (connection fees, parking fees, service charges, etc.) **if it has been changed since the prior year budget submission** and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in the rate structure, if applicable.

1. The CCMUA's annual costs are budgeted to be higher by \$2.9m in 2017. The main drivers of this increase are principal payments on debt service, \$2.0m, and the increase in the estimated dollars per ton for sludge disposal at approximately \$500k. Fortunately, the CCMUA has positioned itself to have significant reductions in both debt service payments and sludge disposal costs in the next two years. Debt Service will be reduced by more than \$40m in 2019. Sludge disposal costs will be reduced significantly when the construction of a sludge digester is completed in 2019, which will reduce the quantity of sludge by about 50%.

Explanation of Variances of +/- 10%, Comparing 2017 to 2016

Revenues

1. Operating Revenues – Industrial – Increase of 10.6% or \$337,920

This anticipated increase is due to the industrial users that have paid connection fees in 2016 and therefore will be charged the appropriate service charge in 2017.

2. Connection Fees in total – Decrease of 44% or \$4,834,468

The 2016 budget estimate included substantial connections due to the anticipation of development in Camden City resulting from the New Jersey Economic Opportunity Act of 2013. Much of that anticipated connection fee revenue has been realized. The 2017 anticipated connection fee is reduced and includes an amount equal to historical norms as well as connection fees from the remaining development in Camden City.

Non-Operating Revenues

1. Debt Service Reserve Funds – Decrease of 100% or \$5,998,776

As part of a rate stabilization strategy, the Authority supplemented Operating Revenues with cash from the Debt Service Reserve Fund. The full amount of cash available to the Authority from this fund has been utilized.

2. Temporary Funding Notes – Increase of 100% or \$13,583,459

As part of a rate stabilization strategy, the Authority is supplementing Operating Revenues with Temporary Funding Notes to balance the budget.

Expenses

1. Fringe Benefits - Administration – Increase of 14.4% or \$330,690
Fringe Benefits - Cost of Providing Services – Increase of 10.6% or \$282,073

This increase is as a result of the rising costs of healthcare and pension.

2. Cost of Providing Services – Other - Sludge – Increase of 11.3% or \$550,000

Sludge Disposal prices continue to escalate year over year. The Authority has worked to minimize this cost by installing a sludge dryer which reduces the volume of sludge by 75%. Even so, the Authority estimates an average disposal price of \$95 per ton for both dried sludge and wet sludge cake.

3. Cost of Providing Services – Other - Repairs – Increase of 12.3% or \$365,300

The Authority continues to make improvements and repairs to the systems that are outside the scope of the New Jersey Environmental Infrastructure Trust.

2. The most significant impact the proposed budget will have on anticipated revenues is in the Connection Fee line item. As mentioned in the analysis for question 1, the anticipated decrease of \$4,834,468 in Connection Fees from 2016's budget is due to the fact that much of the revenue from the development in Camden City due the New Jersey Economic Opportunity Act of 2013 has been realized. The Authority has fully utilized the Debt Service Reserve Fund to stabilize rates and therefore will utilize temporary funding notes to hold rates until significant portions of the debt service are retired in 2017. The anticipated revenue will not have a material effect on general purpose/component unit financial statements. Please see the analysis for question 1 for explanations of those line items of +/- 10% as compared to the 2016 adopted budget.
3. It is anticipated that the local/regional economy will perform well as planned growth and economic development has been successful and will result in increased user rate revenue in 2017. The capital budget/program has been previously utilized to help planned development in the southern portion of Camden County, via the construction of the Atlantic Basin interceptor. In 2017, there will be capital improvements at the wastewater treatment plant and the surrounding area to help solve combined sewage flooding that is a human health issue and an impediment to development in Camden City.
4. The Authority will not be using its Unrestricted Net Position in 2017.

5. Sustainability Director, \$80,763 – furthers the environmental mission of the Authority and helps to educate the public about the importance of the County’s waterways.

Human Resource Services, \$1,000 – helps with providing expanded human resources for the employees of the Authority.

Equal Employment Opportunity Officer, \$5,000 – helps the Authority with compliance in matters of Equal Employment Opportunity.

Supplemental Legal Services, \$10,000 – aids the Authority in legal matters as the Authority has transitioned to an outside consultant to provide legal services.

Security Guard Services, \$330,000 – allows the Authority to obtain security guard services at a reduced rate.

Developing Specs and Plans for Dredging Newton Lake, \$250,000 – The Authority has undertaken this project as the County’s expert in water quality matters.

Sharing of Legal Services Regarding Kirkwood Lake, \$30,000 – The Authority has undertaken this project as the County’s expert in water quality matters.

6. The Authority does not have an anticipated deficit in 2017 as it plans to issue Temporary Funding Notes to make up the difference between anticipated revenues and appropriations. These funding notes will act as a rate stabilizer so as to avoid a significant increase in 2017 and an equally significant decrease in the user rate in 2018 due the retirement of debt.
7. The Authority is maintaining its annual user rate at \$352. Please see the rate structure attached.

1. The CCMUA's regional sewer system, and the corresponding capital and operations and maintenance requirements of said system, are carefully defined in the CCMUA's ongoing sewer service agreement with Camden County and Camden County's 37 municipalities.

2. Yes, the CCMUA's capital program is implemented in a manner consistent with the Camden County Wastewater Management Plan, which was adopted after a full public participation program which included Camden County's municipalities and its ratepayers, and the aforementioned Camden County Sewer Service Agreement.

3. Yes

4. The new capital improvements implemented by the CCMUA have reduced operating costs somewhat, due to increased efficiencies. However, they also bring with them additional debt service. These two competing factors have tended to, roughly, offset each other so that the CCMUA has been able to replace the main components of its wastewater treatment plant, thereby improving environmental performance, without raising rates significantly.
