Narrative and Information Section

2018 AUTHORITY BUDGET MESSAGE & ANALYSIS CAMDEN COUNTY MUNICIPAL UTILITIES AUTHORITY BUDGET

FISCAL YEAR: FROM: January 1, 2018 TO: December 31,
2018

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2018/2018-2019 proposed Annual Budget and make comparison to the 2017/2017-2018 adopted budget for each operation. Explain any variances over +/-10% (As shown on budget page F-4 explain the reason for changes for each appropriation changing more than 10%) for each line item by operation. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item. For example, if anticipated service charges have increased 15% due to an increase in rates, provide a copy of the resolution authorizing the rate increase.
2. Complete a brief statement on the impact the proposed Annual Budget will have on Anticipated Revenues, especially service charges and on the general purpose component unit financial statements. Explain significant increases or decreases, if any. An increase or decrease is considered significant if it is over +/-10% (As shown on budget page F-2 explain reason for change for each revenue changing more than 10%) from the current year adopted budget.
3. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Budget Program.
4. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget, i.e. rate stabilization, debt service reduction, to balance the budget, etc. If the Authority's budget anticipates a use of Unrestricted Net Position, this question must be answered.
5. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or a shared service and explain the reason for the transfer (i.e.: to balance the County/Municipality budget, etc.).
6. The proposed budget must not reflect an anticipated deficit from 2018/2018-2019 operations. If there exists an accumulated deficit from prior years' budgets (and funding is included in the proposed budget as a result of a prior deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question. (**Prepare a response to deficits caused by the implementation of GASB 68**)
7. Attach a schedule of the Authority's existing rate structure (connection fees, parking fees, service charges, etc.) if it has been changed since the prior year budget submission and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in the rate structure, if applicable.

Question 1

The most significant aspect of CCMUA's 2018 budget is the reduction in debt service payments of \$13,313,030 as compared to the 2017 budget and the corresponding elimination of temporary funding notes as \$13,583,459 of temporary funding notes were budgeted in 2017.

Expenses

Total Administration – Other – Increase of 35.5% or \$1,251,384

The majority of this increase, \$1,050,000 is as a result of budgeted professional fees for the design of 8 capital projects. These expenses will be reimbursed in whole by the New Jersey Environmental Infrastructure Bank and will be rolled into the loan at the time of closing.

Total Principal Payments on Debt Service – Increase of 15% or \$5,295,331

Principal Payments are increasing as the Temporary Funding Notes used in 2017 will be retired. However, this amount will be offset by a decrease in payments for long term debt.

Total Interest Payments on Debt – Decrease of 60% or \$18,608,361

The reduction in interest payments on debt is due to the retirement of long term Authority debt in 2017.

Unrestricted Net Position Utilized – Increase of 100% or \$3,820,618

In 2018, the Authority's total expenses are estimated to be \$3,820,618 higher than revenues. The Authority intends to use a portion of its net position to balance the budget. Due to the retirement of debt in 2018, the Authority will be able to rely solely on user revenue and connection fees to fund expenses in 2019.

Question 2

The most significant impact the proposed budget will have on anticipated revenues is in the Connection Fee line item. As mentioned in the analysis for question 1, the anticipated decrease of \$1,889,000 in Connection Fees from 2017's budget is due to the fact that much of the revenue from the development in Camden City due the New Jersey Economic Opportunity Act of 2013 has been realized. The anticipated revenue will have a material effect on general purpose/component unit financial statements as \$3,820,618 of unrestricted net position will be utilized.

Explanation of Variances of +/- 10%, Comparing 2018 to 2017

Revenues

Connection Fees in total – Decrease of 30% or \$1,889,000

The 2017 budget estimate included substantial connection fee revenue due to the anticipation of development in Camden City resulting from the New Jersey Economic Opportunity Act of 2013. Much of that anticipated business and commercial connection fee revenue has been realized although there remains approximately \$2,000,000 in connection fees outstanding from ongoing development at the Camden Waterfront. The 2018 anticipated business and commercial connection fee is reduced and includes an amount equal to historical norms. Residential connection fees are anticipated to be considerably higher than 2017 as many projects are underway.

Non-Operating Revenues

Total Other Non-Operating Revenues– Decrease of 100% or \$13,583,459

As part of a rate stabilization strategy, the Authority supplemented 2017 Operating Revenues with Temporary Funding Notes to balance the budget. Due to a reduction in 2018 Debt Service, the Temporary Funding Notes will be retired.

Question 3

It is anticipated that the local/regional economy will perform well as planned growth and economic development has been successful and will result in increased user rate revenue in 2018. In 2018, there will be capital improvements at the wastewater treatment plant and the surrounding area to help solve combined sewage flooding that is a human health issue and an impediment to development in Camden City. These improvements will be funded by the NJ Environmental Infrastructure Bank which will make the capital work significantly more affordable for rate payers.

Question 4

The Authority expects to use \$3,820,618 from its unrestricted net position in 2018. The use of the net position will serve to 1) stabilize the rate and 2) aid in the reduction of debt service. The Authority's debt service payments will be further reduced at the beginning of 2019.

Question 5

1. Sustainability Director, \$84,026 – furthers the environmental mission of the Authority and helps to educate the public about the importance of the County’s waterways.

Equal Employment Opportunity Officer, \$5,000 – helps the Authority with compliance in matters of Equal Employment Opportunity.

PowerCorps Green Infrastructure Maintenance, \$117,000 – The Authority utilizes the services of the PowerCorps program to provide green infrastructure maintenance.

Sharing of Legal Services Regarding Kirkwood Lake, \$30,000 – The Authority has undertaken this project as the County’s expert in water quality matters.

Supplemental Legal Services, \$25,000 – aids the Authority in legal matters as the Authority has transitioned to an outside consultant to provide legal services.

Question 6

The Authority has a Total Unrestricted Net Position deficit of \$38,335,767. It is anticipated that the deficit will begin to reduce following the 2019 budget year as revenues in that year and thereafter will be significantly higher than expenses. Additionally, the debt used to finance the construction projects in progress will help to lower the total deficit in unrestricted net position. It is important to understand that this deficit is on paper only as the Authority has sufficient cash to meet its operational and capital needs.

Question 7

The Authority is maintaining its annual user rate at \$352. The Authority increases the connection fee annually in accordance with the statutory formula set for in N.J.S.A. 40:14B-22. The connection fee was increased to \$6,123/edu in April, 2018. Please see the rate structure attached.

SEE ATTACHED

1. The CCMUA's regional sewer system, and the corresponding capital and operations and maintenance requirements of said system, are carefully defined in the CCMUA's ongoing sewer service agreement with Camden County and Camden County's 37 municipalities.
2. Yes, the CCMUA's capital program is implemented in a manner consistent with the Camden County Wastewater Management Plan, which was adopted after a full public participation program which included Camden County's municipalities and its ratepayers, and the aforementioned Camden County Sewer Service Agreement.
3. Yes
4. The new capital improvements implemented by the CCMUA have reduced operating costs somewhat, due to increased efficiencies. However, they also bring with them additional debt service. These two competing factors have tended to, roughly, offset each other so that the CCMUA has been able to replace the main components of its wastewater treatment plant, thereby improving environmental performance, without raising rates.
