2019 AUTHORITY BUDGET MESSAGE & ANALYSIS

CAMDEN COUNTY MUNICIPAL UTILITIES

AUTHORITY BUDGET

FISCAL YEAR: FROM: JANUARY 1, TO: DECEMBER
2019 31, 2019

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2019/2019-2020 proposed Annual Budget and make comparison to the 2018/2018-2019 adopted budget for each operation. Explain any variances over +/-10% (**As shown on budget page F-4 explain the reason for changes for each appropriation changing more than 10%**) for each line item by operation. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item. For example, if anticipated service charges have increased 15% due to an increase in rates, provide a copy of the resolution authorizing the rate increase.
2. Complete a brief statement on the impact the proposed Annual Budget will have on Anticipated Revenues, especially service charges and on the general purpose/component unit financial statements. Explain significant increases or decreases, if any. An increase or decrease is considered significant if it is over +/-10% (**As shown on budget page F-2 explain reason for change for each revenue changing more than 10%**) from the current year adopted budget.
3. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Budget/Program.
4. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget, i.e. rate stabilization, debt service reduction, to balance the budget, etc. If the Authority's budget anticipates a use of Unrestricted Net Position, this question must be answered.
5. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or a shared service and explain the reason for the transfer (i.e.: to balance the County/Municipality budget, etc.).
6. The proposed budget must not reflect an anticipated deficit from 2019/2019-2020 operations. If there exists an accumulated deficit from prior years' budgets (and funding is included in the proposed budget as a result of a prior deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question. (**Prepare a response to deficits caused by the implementation of GASB 68**)
7. Attach a schedule of the Authority's existing rate structure (connection fees, parking fees, service charges, etc.) **if it has been changed since the prior year budget submission** and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in the rate structure, if applicable.

Question 1

The most significant aspect of CCMUA's 2019 budget is the reduction of overall appropriations by \$4,800,747. The reduction is comprised of a reduction in total debt service in the amount of \$30,385,547 which is offset by the funding of \$8,728,052 to the Renewal and Replacement Reserve and \$10,000,000 of funding towards the shared services agreement with Camden County for infrastructure improvements.

Explanations For Changes in Appropriations of +/- 10%

Administration – Salary and Wages – Increase of 12.2% or \$258,703

The Authority budgeted for the possible addition of personnel.

Administration – Professional Services – Increase of 10.4% or \$327,300

The Authority budgeted for the planning and design of several new projects.

Administration – Insurance – Increase of 21.3% or \$70,250

The overall insurance budget increased approximately 14% from \$1,281,998 in 2018 to \$1,471,250 in 2019. Year to date billings in 2019 are \$1,361,251 with a final billing adjustment bill yet to be received which demonstrates the 2019 budget was reasonable.

Cost of Providing Services – Sludge – Increase of 75.5% or \$4,424,125

The CCMUA owns 3 sludge dryers which increase the dryness of sludge cake to approximately 95% from approximately 25% when not dried. This process allows for reduced sludge disposal costs as the volume of material is reduced significantly. The 2019 budget accounts for 2 sludge dryers being out of service for a majority of the year for repairs which will result in both an increase in the volume of sludge that needs to be disposed of as well as an increase in the price per ton.

Cost of Providing Services – Repairs – Increase of 17.2% or \$610,000

The CCMUA continues to invest in the wastewater treatment process units repairs in order to keep the equipment running at optimal levels.

Total Principal Payments on Debt – Decrease of 71.5% or \$29,075,885

The CCMUA continues to retire debt associated with the financing of the original construction of the system.

Total Interest Payments on Debt – Decrease of 10.6% or \$1,309,662

The CCMUA continues to retire debt associated with the financing of the original construction of the system.

Renewal and Replacement Reserve – Increase of 100% or \$8,728,052

The CCMUA has committed to a comprehensive renewal and replacement plan to ensure the Authority can continue to operate at optimal levels going forward.

Other Reserves – Increase of 100% or \$10,000,000

The CCMUA has entered into a shared services agreement with Camden County to fund the replacement of aging infrastructure in accordance with N.J.S.A 40:14B-40.2. This allocation represents a contribution to that agreement.

Question 2

The Authority's annual User Rate continues to remain unchanged at \$352/edu. Therefore, the Total Services Charges remain largely unchanged from the 2018 Budget. The Connection Fee budget has been reduced to be more in line with historical averages,

Explanation Of Changes In Revenues of +/- 10%

Service Charges – Other – Decrease of 36.1% or \$1,268,556

The Authority removed certain users from the Other category and reclassified them into either Residential or Business/Commercial.

Connection Fees – Decrease of 25% or \$1,068,255

The connection fee budget has been reduced to be more in line with historical averages.

Question 3

It is anticipated that the local/regional economy will remain stable and the Authority will be able to collect all of its anticipated Service Charges. In 2019, there will be capital improvements at the wastewater treatment plant and the surrounding area to help solve combined sewage flooding that is a human health issue and an impediment to development in Camden City. These improvements will be funded by the NJ Environmental Infrastructure Bank which will make the capital work significantly more affordable for rate payers.

Question 4

The Authority's Revenues are sufficient to cover the budgeted Appropriations and therefore there is no anticipated use of the Authority's Unrestricted Net Position.

Question 5

Sustainability Director, \$85,707 – furthers the environmental mission of the Authority and helps to educate the public about the importance of the County's waterways.

Equal Employment Opportunity Officer, \$5,000 – helps the Authority with compliance in matters of Equal Employment Opportunity.

PowerCorps Green Infrastructure Maintenance, \$190,000 – The Authority utilizes the services of the PowerCorps program to provide green infrastructure maintenance.

Human Resource Services, \$10,000 – aids the Authority in Human Resource matters.

Supplemental Legal Services, \$25,000 – aids the Authority in legal matters as the Authority has transitioned to an outside consultant to provide legal services.

Security Guard Services, \$355,250 – the Authority has contracted with Camden County College for security guard services.

Funding of Certain Infrastructure, \$10,000,000 – pursuant to NJ40:14B-40.2, the Authority entered in a shared services agreement with Camden County for the funding of infrastructure.

Question 6

The Authority has a Total Unrestricted Net Position deficit of \$44,403,737 which is entirely due to GASB 68 and 75. The Authority has paid all previous pension invoices and will continue to budget for future annual contributions.

Question 7

The Authority is maintaining its annual user rate at \$352. The Authority increases the connection fee annually in accordance with the statutory formula set for in N.J.S.A. 40:14B-22. The connection fee was increased to \$6,205/edu in April, 2019. Please see the rate structure attached.

1. The CCMUA's regional sewer system, and the corresponding capital and operations and maintenance requirements of said system, are carefully defined in the CCMUA's ongoing sewer service agreement with Camden County and Camden County's 37 municipalities.

2. Yes, the CCMUA's capital program is implemented in a manner consistent with the Camden County Wastewater Management Plan, which was adopted after a full public participation program which included Camden County's municipalities and its ratepayers, and the aforementioned Camden County Sewer Service Agreement.

3. Yes

4. The new capital improvements implemented by the CCMUA have reduced operating costs somewhat, due to increased efficiencies. However, they also bring with them additional debt service. These two competing factors have tended to, roughly, offset each other so that the CCMUA has been able to replace the main components of its wastewater treatment plant, thereby improving environmental performance, without raising rates.
