CAMDEN COUNTY MUNICIPAL UTILITIES

AUTHORITY BUDGET

FISCAL YEAR: FROM: JANUARY 1, TO: DECEMBER
2020 2020 31, 2020

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2020/2020-2021 proposed Annual Budget and make comparison to the 2019/2019-2020 adopted budget for each Revenues and Appropriations. Explain any variances over +/-10% (As shown on budget pages F-2 and F-4 explain the reason for changes for each revenue and appropriation changing more than 10%) for each individual revenue and appropriation line item. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item.
2. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Budget/Program. (Example Consider New Development projects such as Housing /Commercial projects impact on the Authorities expenses or revenues)
3. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget and or Capital Budget, i.e. rate stabilization, debt service reduction, to balance the budget, etc. If the Authority's budget anticipates a use of Unrestricted Net Position, this question must be answered.
4. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or a shared service payments, pilot payments, or other types of contracts or agreements (Example to provide police services to the Authority etc. and explain the reason for the transfer (i.e.: to balance the County/Municipality budget, etc.).
5. The proposed budget must not reflect an anticipated deficit from 2020/2020-2021 operations. If there exists an accumulated deficit from prior years' budgets (and funding is included in the proposed budget as a result of a prior deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

(Prepare a response to deficits in most recent audit report pertaining to Deficits to Unrestricted Net Position caused by recording Pension and Post-Employment Benefits liabilities as required by GASB 68 and GASB 75) and similar types of deficits in the audit report. How would these deficits be funded?

6. Attach a schedule of the Authority's existing rate structure (connection fees, parking fees, service charges, etc.) if it has been changed since the prior year budget submission and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in the rate structure, if applicable. (If no changes to fees or rates indicate (Answer as "Rates Are Staying the Same")

Question 1

The most significant aspect of CCMUA's 2020 budget is the reduction of overall appropriations by \$5,804,098. The reduction is comprised of a reduction in total debt service in the amount of \$9,126,217 which is offset by the funding of \$8,000,000 to the Renewal and Replacement Reserve and \$15,000,000 of funding towards the shared services agreement with Camden County for infrastructure improvements.

Explanations For Changes in Appropriations of +/- 10%

Service Charges – Business/Commercial – Decrease of 32.5%, Other – Increase of 165.9%

The CCMUA moved the customer billing category for hospitals and the combination of classifications from Business/Commercial into the Other category. Therefore, causing the Business/Commercial to decrease and the Other to increase.

Connection Fees – Business/Commercial – Decrease of 29.9%

Industrial – Decrease of 82.6%, Intergovernmental – Decrease of 89.9%

The 2020 Connection Fee budget reflects a decrease in the projected number of new connections. A review of past budgets compared to actual expense has found that the budget for new connections should be lower. This new number should be closer to the actual revenue collected for new connections to the system and is a more conservative number.

Cost of Providing Services – Utilities – Increase of 32.0% or \$2,424,710

The CCMUA is in the processing of implementing a series of capital improvements that will ultimately reduce the needed appropriation for utilities. These improvements consist of the construction of a sludge digestion facility to produce biogas and a combined heat and power system to utilize the biogas to produce electricity. In 2020, the combined heat and power system will be operating via the utilization of natural gas for approximately nine months while the digester construction is completed. The utilization of natural gas with the combined heat and power system will provide significant environmental and reliability benefits but will have a temporary increase in the cost of utilities.

Cost of Providing Services – Sludge – Decrease of 18.8% or \$1,937,865

The CCMUA owns 3 sludge dryers which increase the dryness of sludge cake to approximately 95% from approximately 25% when not dried. This process allows for reduced sludge disposal costs as the volume of material is reduced significantly. The 2019 budget accounted for 2 sludge dryers being out of service for a majority of the year for repairs which will result in both an increase in the volume of sludge that needs to be disposed of as well as an increase in the price per ton. In 2020, all sludge dryers should be put back into service which will have a positive impact on the sludge disposal budget.

Cost of Providing Services – Chemicals – Increase of 11.1% or \$359,500

The CCMUA is forecasting an increase Polymer by 35.7% (\$152,463) and an increase hypochlorite by 29.5% (\$116,477.08).

Total Interest Payments on Debt – Decrease of 85.4% or \$9,395,930

The CCMUA continues to retire debt associated with the financing of the original construction of the system. In 2019, the 1990 Debt issue has matured.

Other Reserves – Increase of 50% or \$15,000,000

The CCMUA has entered into a shared services agreement with Camden County to fund the replacement of aging infrastructure in accordance with N.J.S.A 40:14B-40.2. This allocation represents a contribution to that agreement.

Question 2

It is anticipated that the local/regional economy will remain stable and the Authority will be able to collect all of its anticipated Service Charges. In 2019, the Authority noted an uptick in the development of affordable and senior housing throughout the county as well as redevelopment in built-out communities. The Authority is forecasting similar activity in 2020.

As of April 30, 2020, the CCMUA has collected 100% of budgeted user revenue despite the recent significant downturn in economic activity. However, the CCMUA does expect a reduction in its user fees and has conducted an analysis to forecast the reduction. The forecast reveals that the CCMUA will have sufficient funding to maintain its operation and meet its financial obligations.

Question 3

The CCMUA will utilize \$15 million in unrestricted net position to fund the CCMUA – Camden County shared services agreement for infrastructure.

Question 4

Sustainability Director, \$85,707 – furthers the environmental mission of the Authority and helps to educate the public about the importance of the County's waterways.

Equal Employment Opportunity Officer, \$5,000 – helps the Authority with compliance in matters of Equal Employment Opportunity.

PowerCorps Green Infrastructure Maintenance, \$190,000 – The Authority utilizes the services of the PowerCorps program to provide green infrastructure maintenance.

Human Resource Services, \$10,000 – aids the Authority in Human Resource matters.

Supplemental Legal Services, \$25,000 – aids the Authority in legal matters as the Authority has transitioned to an outside consultant to provide legal services.

Security Guard Services, \$400,248 – the Authority has contracted with Camden County College for security guard services.

Funding of Certain Infrastructure, \$15,000,000 – pursuant to NJ40:14B-40.2, the Authority entered in a shared services agreement with Camden County for the funding of infrastructure.

Designate an Auditor, \$59,580 – for fiscal year 2019 in conjunction with the County of Camden as part of the shared services initiative.

27th Street Sewer Improvement Project, \$113,947 – Amending the shared services agreement between CCMUA and the City of Camden for sewer upgrade.

Question 5

The Authority has a Total Unrestricted Net Position deficit of \$44,403,737 which is entirely due to GASB 68 and 75. The Authority has paid all previous pension invoices and will continue to budget for future annual contributions.

Question 6

The Authority is maintaining its annual user rate at \$352. The Authority increases the connection fee annually in accordance with the statutory formula set for in N.J.S.A. 40:14B-22. The connection fee will be increased to \$6,287/edu in April, 2020. Please see the rate structure attached.

Yes, the CCMUA's capital program is implemented in a manner consistent with the Camden County Wastewater Management Plan, which was adopted after a full public participation program which included Camden County's municipalities and its ratepayers, and the aforementioned Camden County Sewer Service Agreement.
3. Yes
4. The new capital improvements implemented by the CCMUA have reduced operating costs somewhat, due to increased efficiencies. However, they also bring with them additional debt service. These two competing factors have tended to, roughly, offset each other so that the CCMUA has been able to replace the main components of its wastewater treatment plant, thereby improving environmental performance, without raising rates.
