

The Camden County Board of Commissioners in partnership with the Camden County Office of Sustainability, Environmental Affairs and the Camden County Certified Gardeners, proudly present:

FROM SCRAPS TO SUPER SOIL: THE ULTIMATE COMPOSTING WORKSHOP

Do you want to reduce your environmental impact? Are you a gardener craving healthy, nutrient-rich soil? Are you curious about composting and its amazing benefits? Join us for a fun and informative event where you'll learn how to **fight food waste** and **create a thriving garden**, all from your own kitchen scraps!

What To Expect:

An interactive, hands-on presentation

We make the science of composting fun and easy for everyone. Get your hands dirty (in a good way!) as we demonstrate the process step-by-step.

Unlock The Benefits

Discover how composting reduces landfill waste, improves soil health, and helps you grow vibrant plants!

Q&A Session: No question is too big or too small!

Every attendee will receive a Free Composting Bin to take home and start their composting journey.
